

May 25th, 2022

Dear Customer,

National Grid is committed to delivering safe, reliable electric service to our customers. To make improvements to our electrical distribution system, we will be working at the substation on Essex Avenue in West Gloucester on **"Saturday June 11th"**. For our crews to work on our equipment safely, it will be necessary to **interrupt your electrical service for approximately "3 hours" beginning at 6am and ending at approximately 9am**. The area affected by this planned outage includes parts of West Gloucester and Manchester. Specifically, the areas highlighted on the map below:

This work will be rescheduled in the event of inclement or extreme weather. In the event that National Grid must reschedule, our work will be performed on **"Sunday, June 12th"** for the same time period.

We regret the temporary inconvenience. Should you have any questions, please contact Customer Service at 1-800-322-3223. Again, thank you in advance for your cooperation and understanding.
